## Ladies Bazaar Next Thursday

The Ladies Guild of St. Philips Church have all the arrangements completed for their next Annual Bazaar to be held Thursday, December 3rd, at Red Men's Hall.

The Bazaar will be a sale of useful articles that have been made by the ladies and will make very appropriate Christmas gifts for your friends. During the afternoon various kinds of refreshments will be on sale including ice cream and cake. For the evening a program has been arranged including some very good numbers so there is something for everyone and you should not forget the date and attend.

## Famous Alaskan Being Sued

Juneau, Nov. 25.—Attorney J. H. Cobb of this city has filed suit against Jack Dalton the famous musher of Cordova for the sum of five thousand dollars for attorney fees for his services in the case of Dalton against the Guggenheim Road for the title of mining claims on the water front at Cordova.

According to press dispatches in the Seattle papers John Treadwell the original owner of the Treadwell Mines has gone bankrupt in New York.

## Comedians At Photoshow

The reliable favorite comedians Woodworth and Purcel entertained a large audience at the Wrangell Photoshow Tuesday night in their opening number of a two weeks engagement at the local picture house. The two men are great favorites in the picture houses of Juneau and are assured a hearty welcome here.

## Young Soldier Only 12 Years

Paris.—The youngest soldier in the war is said to be a Serbian lad named Dragoljub Jelitch. Though only twelve years old, he is said to have already fought in seven engagements. In the last he was wounded.

Crown Prince Alexander of Serbia, learned of the young lad's valor and prowess as a reward for his bravery, personally handed the lad his stripes as a corporal, an honor which so pleased him that he is itching to be back at the front in the performance of his new duties.

A lively young fisher, named Fischer, fished for fish, from the edge of a fissure. A fish, with a grin pulled the fisherman in; now they're fishing the fissure for Fischer.—Pacific Fisherman.

## THANKSGIVING

Today, Thursday, November 26, is the day that has been set aside by the lawmakers of this great country of ours as a day of Thanksgiving, a day when we shall rest for the time being from the duties at hand and enter with the rest of the country in a spirit of thankfulness for the many blessings that have been bestowed upon us during the past year.

Stop for a moment and think of the many things you have to be thankful for. We residents of Alaska, under the stars and stripes, have more to be thankful for than any other people under any other flag that flies. Think of our conditions here, then of those of the strife torn countries of Europe; of our free and easy Alaska along side of the people of Belgium, a people practically without a country, and of the rest of those Nations who are pouring out the best of their blood on the deadly field of battle. What better comparison could you ask? We living in the land of the free where plenty flows for us all, Alaska, where poverty is practically unknown, a country with the brightest prospects, what a contrast, and what a lot to be thankful for.

Today as we sit in our homes let us all issue a heartfelt prayer of thanksgiving, and what better way could we show our thankfulness than entering a prayer for the peace of the world that the men and women of other nations may have something to be thankful for other than shedding tears for their loved ones who have paid the price on the field of battle.

## Farewell Dance For Leonards

A farewell dance was tendered Mr. and Mrs. Arthur Leonard at the Wrangell Hotel last Thursday evening pending their departure for their home at Klawock on the West Coast. A good crowd of dancers made the evening very enjoyable and every one left with a feeling of good wishes for the departing friends.

## News From Hydaburg

(By courtesies of  
Chas. W. Hawkesworth)

The towns of Hydaburg and Klawock now rank with the other important towns of S. E. Alaska in having introduced Basket Ball as a winter sport. In both towns there are two organized teams, the regular town teams and those whose membership is limited to day school students.

Practice had been going on for about two weeks when the first game was played in Klawock on Nov. 20th. The Hydaburg teams made the trip well supported by the band and a good bunch of rooters. It took three gas boats to carry the crowd.

When the teams reached Klawock everyone wondered where the visitors were going to be housed and how the crowd could see the game in the small hall, but the Klawocks proved themselves most capable hosts, and provided well for the visitors, showing that the sport was a welcome innovation in their town affairs.

On account of the limited space allowed for the field of play none of the teams were able to play their best, but notwithstanding the stubborn stand made by the Klawock teams, the Hydaburg town team won to the score of 24 to 8, while the Hydaburg school team won on the much closer score of 10 to 8.

The Klawocks play a return game at Hydaburg in the new Town Hall on Nov. 27th.

## The Reason Why

As the Sentinel press day comes on Thanksgiving we think the printers are entitled to a holiday on that day so are getting the Sentinel to you Wednesday night hence we are one day short on news and copy which accounts for the appearance of the Sentinel this issue.

Subscribe for the Sentinel.

## Late Features For Rink

The good news has been received from "The Dream Man" in Ketchikan informing us that he has secured the rights of the "Pathe Daily News" and commencing with the first number we will be to keep our patrons posted on the great war in Europe. The first several numbers will deal with the enlistment of men, men leaving for the front and other late events. It will be a matter of but a short time until we will have you on the field of battle pictorially. All this and other features at The Rink, the home of up to date Pictures and big features.

The Seward Gateway expects that coal will be \$2 a ton in that city. It says: A local man who has made a study of coal and the cost of producing it in Pennsylvania says that it is mined there for 30 or 35 cents a ton. It costs about ten or fifteen cents to load on the cars. Iron ore is hauled on the great lakes for thirty cents a ton for a thousand miles, and it is estimated that coal is hauled on the railroads outside for not more than fifty cents a ton, so by these figures we can make a fairly good guess at what coal will cost here and along the coast when the Matanuska fields are opened.

## Dr. Pigg In New Quarters

Dr. Pigg has moved his office rooms from over the Wrangell Drug Store to the rooms over the Post Office during the past week, and is fitting up a very comfortable office in his new location. Dr. Pigg is also preparing to open the Wrangell Hospital in the same building as soon as the carpenters get the rooms remodeled for some. The new location is very well located for the new hospital and it should prove a success.

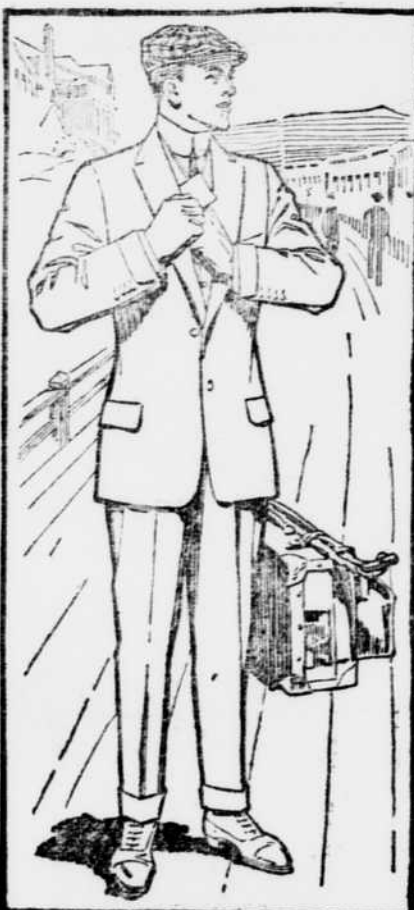

## Life Boat Tickets New Novelty

Los Angeles. Reserved seats in a lifeboat is the latest innovation in the world of travel. The idea was put into effect recently by D. F. Robertson, manager steamship agency California Savings Bank, who supplied Miss Bertha Pulford and Miss Frances F. Russell with lifeboat reservations which will entitle them to seats in the small craft in case of accident during their trip across the Pacific.

The Cordova city council has fitted the upstairs part of the city hall into club rooms for the use of the fire boys.

## Wrangell --- The Belgium Relief Fund

The sympathy that is being expressed throughout the country for the destitute people of Belgium who have been forced to flee from their homes and to foreign countries as a result of the terrible warfare that has been carried to their very door, is but a demonstration of the everready hand of the American people out to a people in need. And the place that Alaska is taking in that great relief work is to be heartily recommended. Recently the little city of Ketchikan launched forth a relief fund to help the people of torn Belgium without a home and succeeded in raising several hundred dollars in various ways which was forwarded through the proper authorities to the needy ones, and the Capitol City of Juneau through the city council have taken the matter up and are raising another fund. What is to hinder Wrangell showing her sympathy in the same way? This is the season of the year when we feel most thankful for our peace and prosperity. Wrangell is prosperous, and in what better way could we show our thankfulness for this than to extend a helping hand to a brother in distress. Wrangell is not as large as Ketchikan or Juneau, hence our fund need not be as large, but that does not matter it is the spirit in which we give our mite, that makes the gift acceptable. Let us think this over and show them that although we are not the greatest we feel their loss just as keenly and are willing to extend our help to these people without a country. Wrangell has a good Chamber of Commerce, an excellent body of City Fathers and a splendid list of broad minded citizens, any of whom could take this matter up and carry it to success. This is a worthy cause and there is no reason why Wrangell should not at this season of the year think of others and extend a helping hand to give these people a lift back onto the road to success.

Frank Gadd is in town renewing acquaintances.

A good show at the Wrangell Photoshow tonight.

"The Dream" is the proper place to go when in Ketchikan.

Dr. Emery returned on the Uncle Dan from an extended business trip to the West Coast.

Rev. Corser was a passenger on the City of Seattle to Ketchikan Monday night.

The Clatawa came in the first of the week with eight boxes of fish for C. M. Coulter.

U. S. Marshal Bishop was a passenger on the Jefferson bound for his home in Juneau after a business trip below.

Don't forget the Church Bazaar to be given by the Ladies Guild of St. Philips Church the first week in December.

A son was born to Mr. and Mrs. Samuel Knudsen on Nov. 8. Dr. Shurick attending reports mother and son doing fine.

When in Ketchikan spend an evening at the "The Dream," the house that sets the PACE. All others try to copy.

The St. Philips Guild will meet Tuesday, Dec. 1st instead of Wednesday at the home of Miss Woods. All members are requested to be present.

The Ashlock Hydro Carbon Burner now ready to install in any house or boat, the greatest fuel saver ever invented.—St. Michael Trading Company.

Marshal Wallace was a passenger on the Jefferson Monday, returning from a trip to take a patient to the Morningside Asylum near Portland.

W. L. Garry and wife were passengers on the Dan this trip from Craig. Mr. Garry is superintendent of the Craig cannery and are on their way to the states to spend the winter.

The regular meeting of the Civic Improvement Club will be held at the City Hall next Friday afternoon at three o'clock. All members are requested to be present.

Operator Ben Hill of the local Cable office returned on the Seattle from Petersburg where he has been to relieve the operator there while he made the trip to Haines to reinlist.

The good ship Wabash, Capt. Stackpole, arrived in port Monday after a six weeks cruise in the vicinity of Warm Springs Bay. Capt. and Mrs. Hankins and Capt. and Mrs. Stackpole composed the party.

Tom Case was a passenger home on the Jefferson which arrived Monday evening. Tom has spent the past three months in the states but states that he finds things so dull down there that Wrangell looks good to him for the winter.

"Between Savage and Tiger" is the next great Geo. Kleine Feature coming to the Rink. This is recorded as the greatest wild animal picture on the market, the picture is taken in India and the scenes are as realistic as life. This picture contains the greatest number of wild Bengal tigers that ever came before the picture machine. Watch for the dodgers.

FQR SALE—Household furniture. Inquire at T. J. Case.

A son and heir was born to Mr. and Mrs. Bjorge on Nov. 20th and Jack has been wearing a smile that won't come off ever since. Dr. Shurick reports that the youngster is a dandy and mother and son are doing fine.

Kenig Johansen returned on the Jefferson Monday evening after a short business trip to the States and Vancouver. Capt. reports everything in a bad way below and says he has never seen Alaska and Wrangell look better.

The original story to be read at St. Philips Church on Sunday evening December 6, will be in the form of a play and will deal with the pagans of Wall Street. It will be a Xmas story and a collection for Christmas expenses will be taken.

The male population of Wrangell certainly is on the increase. three boys having been added to the list during the past two weeks. The third to make an appearance arrived at the home of Mr. and Mrs. Dalgity Tuesday, Nov. 24th. The golden smile of Tom's has been heralding the fact to his friends and he has been passing the cigars around in good shape. The mother and son are doing fine.

An exchange claims that had President Wilson expressed his desire for the election of Bunnell sooner in the game, it would have been all day with Wickersham. Mr. Wilson never made a bigger mistake in his life than to think that Alaskans could be whipped into voting any ticket by the use of the party lash—if, indeed, Mr. Wilson had anything to do with it. It was a foolish trick, and cost Bunnell many votes.—News.

### Clippings From Our Exchanges

The White Pass hospital at Skagway advertises for the return of a stray white kitten having one gray eye and one blue eye.

Burglars entered a Ketchikan residence and stole a pair of trousers, the pockets of which contained cash. The owner was single.

Rev. E. Winterberger, a Haines preacher, was recently shot in the arm by an Indian lad. The federal authorities should send the boy a copy of the game laws.

The news of the death of Capt. J. P. Greer, an old time upper Yukon river navigator, which occurred at his home in Fort Rock, central Oregon, on Oct. 22nd, was received in Dawson recently by his daughter, Mrs. A. D. Pinska.

Many of Skagway's people are taking up homesteads in the vicinity of Haines and will try their skill at farming. The soil is very fertile and with perseverance and hard work such ventures are often the beginning of prosperous homes.

The Valdez Civic League has undertaken to collect clothes and toys for the natives to the westward. The shipment will not be made until next May, when transportation is open, but the league will be glad to receive toys or clothes at any time.

Dr. L. S. Keller, of Skagway, has received notice from Worthy President Mann of the Grand Aerie of the Fraternal Order of Eagles, of his reappointment for the ensuing term as deputy grand president of the order in this jurisdiction which comprises all that portion of Alaska lying south of the both parallel of latitude.

Commissioner Black, of Yukon territory, received a telegram recently from Dr. Alfred Thompson, member of parliament for Yukon, stating that it had been decided by the government not to hold an election at this time. This probably means that the matter of an election will be deferred until after the next session of parliament, and probably for a year.

### NOTICE OF HEARING ON FINAL ACCOUNT AND PETITION FOR ADMINISTRATRIX'S FINAL SETTLEMENT.

In the Probate Court for the Territory of Alaska, Division Number One, Wrangell Commissioner's Precinct.

In the matter of the Estate of THOMAS A. WILLSON, Deceased.

Notice is hereby given that I, Mary A. Willson, as Administratrix of the Estate of Thomas A. Willson, deceased, have this day rendered and presented for final settlement, and file in this Court my Final Account of my administration of said Estate, and my petition for the distribution of the residue of said Estate to the persons entitled thereto, and that the above entitled Court has by order appointed the 7th day of December 1914, at 10 o'clock in the forenoon, and the Court Room of the United States Commissioner at Wrangell in the Territory, Division and Precinct aforesaid as the time and place for the hearing on the application for the allowances and the final and judicial settlement of said Final Account, and for the approval of my acts and proceedings as Administratrix herein; and that said Court has appointed the said time and place for the hearing upon said petition for final distribution and settlement; that all persons interested in said estate are hereby notified to then and there appear and show cause, if any they have, why the said Final Account and all my acts and proceedings as Administratrix as aforesaid should not be approved and allowed and settled, and why said petition should not be granted as prayed.

Dated at Baltimore, Maryland, this the 18th day of September 1914. MARY A. WILLSON, Administratrix of the Estate of Thomas A. Willson, Deceased.

Wrangell theater goers will have another opportunity in a  
short while to see another of the great George Kleine Features in  
"Between Savage and Tiger" in six reels which will be shown at  
the Rink. The feature is a stirring story of India and one of the  
greatest animal pictures ever taken and when it comes from the  
Kleines Co. you can rest assured that it is only the best.

## VALUABLE PILING TIMBER.

British Guiana Greenheart Used in  
Panama Canal Locks.

The secretary of the institute of  
mines and forests of British Guiana in  
a book of information which is issued  
as an official document writes as fol-  
lows:

There are three varieties of green-  
heart—yellow, black and main-top—all  
most serviceable and durable woods if  
cut at maturity. Greenheart is one of  
the tallest forest trees of British Guiana,  
and logs can be had from eighteen  
to twenty-four inches square and sev-  
enty feet long. It grows in clay soil  
near the rivers and creeks. Owing to  
the great demand for this timber and  
the absence of legal restriction to pre-  
vent the cutting of the young trees it  
is becoming extremely difficult to pro-  
duce good greenheart, and its preserva-  
tion is worthy of the attention of the  
legislature.

Greenheart is already familiar to the  
trade, being highly esteemed for all  
classes of submerged work—piles, dock  
gates, etc. It is one of the eight first  
class woods of Lloyd's, and admirable  
keelsons, knees and other timbers can  
be had of it. Sawed into scantling it  
is used for planking vessels. For  
wharfs, house framing, mill timbers  
and many other purposes greenheart is  
unsurpassed by any other wood in the  
colony.

The Panama consulting engineers after  
a comparison of the world's woods  
have adopted British Guiana green-  
heart for the Panama canal locks, re-  
garding it as superior to Australian  
ironback wood in its resistance to the  
teredo.

Though the excellence of greenheart  
has never been so prominently brought  
before the notice of the world, its dura-  
bility and suitability for lock gates are  
widely known. Most of the lock gates  
constructed in the Mersey during the  
last twenty years have been made with  
it, as have those at the Manchester  
ship canal, and when the necessity oc-  
curred for enlarging some of the canal  
lock gates fully thirty years after they  
were placed in position it was found  
that the wood was in such an excellent  
state of preservation that it could be  
used over again.

## Ship With Three Skins.

The launching of the Iron Duke at  
Portsmouth, England, recently, marks  
a new era in British naval construction.  
The vessel is the twenty-eighth British  
Dreadnought to take the water. Her  
displacement is 23,400 tons, and her  
main battery consists of ten 13.5 inch  
guns firing shells of 1,400 pounds, or  
150 pounds more than the projectiles  
fired by former weapons of this caliber.

The chief feature, however, of the  
new Dreadnought is the improvement  
that she demonstrates in her protec-  
tion against submarine attack. Over  
the whole length of the "vitals" (from  
the first turret to the last) the hull of  
the ship consists of three separate  
skins, so that even if the two outer  
ones should be pierced by rocks or tor-  
pedoes the stability of the vessel would  
not be impaired.

## Producing Tungsten Wire.

Ductile metallic tungsten is now pro-  
duced in the electric furnace. Tung-  
sten particles have been hitherto welded  
into a continuous filament by passing  
an electric current through a binding  
material containing the metallic par-  
ticles and driven off by the high heat.  
By this new method the metallic tung-  
sten can be drawn into fine wire much  
stronger and more rugged than the  
distorted filaments.

## The Supreme Test.

"There never was Amos' equal for  
an' down good nature," said Mrs.  
Clifford in speaking of her deceased  
husband to the new boarder. "My son  
Joe always said pa was more patient  
than Job."

"I tell you," she continued, "you can  
figure for yourself how patient Amos  
was by this. Our old horse Dandy  
would get the rein under his tail and  
keep it there off 'n' on for ten mile  
without Amos' getting mad."—Youth's  
Companion.

## DAMES AND DAUGHTERS.

Iowa is to have a woman overseer of  
the poor in the person of Miss Adah  
Hopkins, formerly secretary of the  
New York school of philanthropy.

Mrs. Elizabeth Leavitt of California  
at the age of ninety-four cast her first  
vote for president of the United States  
at the recent election. Mrs. Leavitt is  
a native of New Hampshire.

The war in the Balkans has given  
the world its first woman war corre-  
spondent. Miss Mary Dunham, who  
covered the campaign from Montenegro  
for the London Daily Chronicle. Miss  
Dunham is considered one of the  
most reliable living authorities on the  
near east.

The richest woman in Europe, next  
to Frau Krupp von Bohlen, owes her  
fortune to the beet sugar industry.  
Mme. Lebouzy, mother of Jacques, em-  
peror of Sahara, is worth at least \$40-  
\$60,000. She holds her wealth in hor-  
ror and lives under an assumed name  
in order to avoid publicity. Her resi-  
dence all the year round is a small flat  
in Versailles, where the domestic staff  
consists of one servant, who is assist-  
ed in the work by her mistress. Mme.  
Lebouzy gives away pretty nearly the  
whole of her income.

## Current Comment.

"How to spend" classes are the lat-  
est thing in England. What most peo-  
ple need to be taught is how to get  
something to spend.—New York Trib-  
une.

The common drinking cup is also  
about all in. Barred in twenty-six  
states it has now been ordered out of  
all trains engaged in interstate serv-  
ice.—Boston Journal.

If college authorities would impress  
upon the students that hazing is cow-  
ardly, since the victim hasn't a chance  
against superior numbers, they might  
be more to stop the practice than they  
have done by means of prohibitory  
rules.—Albany Journal.

## Misplaced ingenuity.

"I'm told there is a new device  
To keep the hat upon the hair.  
You turn a handle—very nice—  
It sets to work a comb that's there.  
Whose teeth are bedded in a trace  
Fast in the tresses of the fair."

"No lady now should be without"—  
Or so the puffing ads. agree—  
"If in a gale you venture out  
Your hat's as safe as safe can be."  
A very clever dodge, no doubt,  
But precious little use to me.

"To keep the hat upon the hair."  
Umph! Fix it in that mobile bed.  
It means if either of the pair  
Blows off the other, too, is shed.  
Would only some sure dodge there were  
To keep the hat upon the head!

—Truth.

## His Motto.

Platitudinous Person—I suppose, my  
dear Mr. Gotrox, that you have used  
"Make hay while the sun shines" as  
your life's motto?

Mr. Gotrox—Certainly, sir; certainly!  
But that's only half of it. You should  
add that I made the hay from the  
grass other people let grow under their  
feet.—Judge.

## Fortified.

He's bought his coal  
And doesn't care  
How soon the winds  
Go on a tear.

He's bought his coal,  
Is fixed to fight  
Old winter's frost  
Night after night.

He's bought his coal.  
Just hear him say,  
"No blizzard's blast  
Can melt my dismay!"  
—Birmingham Age-Herald.

## A Modest Order.

Mr. Martin—Now, then, Bessie, what  
part of the chicken would you prefer?  
Bessie (who has been invited to Sun-  
day dinner)—Why, I'll take a drum-  
stick, a little white meat off the breast,  
the gizzard, a wing, the neck and a  
spoonful of the stuffing. Mom made  
me promise not to ask for a second  
helping.—Philadelphia Record.

## Sounds So Much Better.

Visitor—Never say die!  
Boston Boy—I commonly refer to the  
dissolution of the vital force.—Judge.

## WINCHESTER

.401 Caliber

## Self-Loading Rifle.

This new Winchester is reloaded by recoil,  
the repeating as well as the firing mechan-  
ism being under control of the trigger  
finger. A bullet fired from it strikes a blow  
over the biggest game—penetration enough  
to reach the innermost vital spot. Tho  
wonderful in operation and powerful in  
execution, this rifle is neither complicated  
in construction nor cumbersome to handle.

It Hits Like The Hammer Of Thor.
